

NO FIGHT TO-DAY.

Maher's Eyes Are Still Much Improved Though Improved.

THERE WILL BE ONE FIGHT ONLY

The Others Were Declared Off Yesterday. The Small-Fry Fighters Get Their Forts—Fitzsimmons and Julian Continue to Muck at the Postponement—Meeting of the Inter-State Base Ball League. Other News in Sport's Domain.

EL PASO, Texas, Feb. 16.—There will be no fight to-morrow. That much is certain, no matter what comes later in the week. Maher's eyes are still improving, but he will be in no condition to enter the ring to-morrow. Julian undoubtedly will claim the forfeit to-morrow, but he declined to-day to express any opinion as to what he would do. Buck Connolly came in from the Maher camp at Las Cruces to-day to attend the conference arranged yesterday between Julian and himself. His train was late, however, and Julian, in common with almost everybody else, was at the bull fight at Juarez.

Late in the day Connolly met him and asked him to agree to a postponement until Friday. Julian would agree to nothing. Connolly then asked him to come over to El Paso and hold a conference to-night. Mrs. Julian had been invited to dinner and dinner would be late. He therefore reluctantly declined Mr. Connolly's kind invitation to confer. Some more talk ensued, but no agreement was reached. Julian promised to come over to El Paso at 10 o'clock to-morrow and said that at 10 o'clock to-morrow upon his action. He would then be upon his action. He demanded that Maher be brought on from Las Cruces and submit to another examination. He is somewhat fearful that Maher's eyes may be getting well more rapidly than reported by his friends, and that he will be in condition to bring Maher to this city, but finally said he would do so if it was absolutely necessary.

No Fight on Monday.

"Maher simply cannot fight Monday," said Connolly. "His eyes are better, but he is not able to endure a strong light, let alone the glare of the sun. I told Julian it would be of no use for him to claim a forfeit to-morrow. I would have Peter at the ringside and prevent him from getting the money. He cannot get any forfeit if Maher appears at the ringside. The articles say the forfeit can only be claimed if one of the men fails to appear. They do not say that a man must fight in order to prevent the payment of the forfeit. I have my man at the ringside and there is no show for Julian to get any forfeit, and I tell you he will not get it. He will take Maher to the ringside, blind as he is, and then refuse to fight if Julian insists on claiming forfeit. He will have appeared at the ringside and fulfilled all conditions for the violation of which a forfeit could be claimed. What good is it for me to claim a forfeit?"

Continuing, Connolly said he would positively refuse to allow Maher to enter the ring in his present condition or until his eyes are well. "I would not let him step into that ring for \$10,000," he said. "I am sure he will win as he is now and all the men all over the country who have bet money on Maher would lose it. They would blame me and justly so for the loss of their money. Maher will not fight until he has a chance to win, no matter what it costs me personally. I am sure he will be able to win by Friday and I want to wait until that time. What Julian and Fitzsimmons will do, I cannot tell."

Stuart is Prepared.

Julian and Fitzsimmons are much disgusted over the outlook and have no hesitancy in expressing their opinions. They claim to have been ready at any time during the past month and that the other side was not. They have arrangements in the east for the latter part of February and are anxious to keep them. Whatever is the outcome of the conference to-morrow there is certain to be a warm time while it lasts. Stuart's confidence is still supreme. He is doing well in all questions. "I am ready to pull off the fight any time, and the sooner the men get together the better I will be pleased."

The managers of the fight are confronted with a new situation. The portion of the purse subscribed by the citizens of El Paso expires by limitation to-morrow if the fight is not off by that time and the chances are now that they will never be.

Nearly all of the prize fighters went over to Juarez this afternoon to attend the bull fight. Four horses worth about \$5 each were forced to death, four bulls were tortured and slain and the arena was covered with blood. The Mexicans, as usual, howled with delight at the spectacle of a horse being ripped open, but fighters came back disgusted to the last degree. Fitzsimmons, Leeds, Barry, Wolcott, Everhart and Dixon were there.

"Fighting is going to this blooming bloody game," remarked Fitzsimmons in wrath, after he had seen the third bull butchered. There are very few sportswomen left in El Paso now. Al Smith, Jimmy Vahley and a few others are at Hot Springs. The majority of the others have gone home.

The Olympic Club of New Orleans has wired Captain Glori, backer of Horace Leeds, asking if he will consent to have his man meet Everhart in that city. If the details are satisfactory the fight will be arranged. Everhart has been back in training for several days and is now much over-weight. Glori was for a time disposed to claim forfeit for Leeds, but finally let it go.

Stuart said to-night that the whole matter of the big fight now depends on Julian and Connolly, and that they must settle it themselves. He said that to what disposition will be made of the big fight. He is willing to carry out his plans and bring off the fight if the others come to terms.

OTHERS DECLARED OFF.

The Small Fry Pugilists Get Their Forts—Fitzsimmons and Julian Continue to Muck at the Postponement—Meeting of the Inter-State Base Ball League. Other News in Sport's Domain.

EL PASO, Texas, Feb. 16.—All the small fights have been declared off. There never has been strong probability that they would be pulled off and Barry and Dixon stopped work this morning. There was for a time a chance of the Everhart-Leeds match being brought about, but the management refused to take chances on giving away the secret of their battle ground and everybody agrees that one fight will be the limit, as only one can be had. It was decided that the big one should stand, and the others should be dropped accordingly. The management will pay all forfeits on the small fights, \$250 to each man, and the fighters are at liberty to go home as soon as they like.

MAY BE AKRON.

The Cranks Trying to Raise the Money to Enter the Inter-State.

AKRON, O., Feb. 16.—Subscription papers were circulated in this city for the support of a base ball club as a member of the newly organized Inter-state league. They were liberally signed, and there is every prospect that this city will yet be represented in the league. The officials of the league have granted the city another ten days' notice to decide whether the necessary backing can be secured. The sum of \$1,500 is considered sufficient, and of

this \$500 has been offered in one subscription. The margin of \$1,000 is considered enough to work on after the guarantee of \$500 is posted, as there will be no need of expending money to equip grounds, the Buchtel College grounds being available. Charles Hansen, who has received an offer to manage and captain the Youngstown team, it is expected will be induced to remain in this city and take charge of the club here.

SPORTING COMMENT.

Inter-State Meeting at Pittsburgh—The Fight Situation.

The second meeting of the magnates of the newly organized Inter-state League of Base Ball Clubs was held Saturday afternoon in Pittsburgh. Representatives were present from the following cities: New Castle, Washington, Toledo, Youngstown, Fort Wayne and Wheeling.

Not much business was done except to make arrangements for the deposit of \$100 of the \$500 guarantee fund, so that protection in Class A of the National agreement could be secured at once. The balance, \$400, must be put up before March 15. The objection to Fort Wayne being favored as a Cleveland "farm" came up at the instance of New Castle and was satisfactorily adjusted, a resolution being passed that after April 15 any National league club desiring to place players in the Inter-state league must inform the president, who will allot the players to the weaker clubs. It was also decided that players cannot be "switched" back and forth from National to Inter-state clubs just as exigencies arise. Once taken by the National team they are not eligible to again play on the Inter-state team.

The Intelligencer's suggestion that President Power be sent to Lima and Findlay to work the cranks up to the point of coming in the league, making up an eight-club circuit, was acted upon favorably, and it is hoped the effort will be successful. If not, the league will go ahead as a six-club organization. Sharon and Oil City-Franklin, very properly, were not considered.

The prize fight situation is still in a haze of uncertainty. Will Fitzsimmons and Maher be permitted to meet in the ring? Is still a very much unsolved riddle. The later reports sent out to the effect that Maher's eyes will not be in shape for him to fight before Friday come as a surprise. By some of the knowing ones the opinion is held that Maher is not in such bad shape as has been claimed, and that the fight will be pulled off early this week, when the authorities, it is believed, will be caught napping. Will they be caught napping? or will the other fellows be "cowed"? are questions from two points of view.

The following list shows the present ring champions:

World's heavyweight—(7).
World's middleweight—Robert Fitzsimmons.
World's lightweight—Jack McAuliffe.
World's featherweight—George Dixon.
World's bantamweight—Pedlar Palmer.
American heavyweight—(7).
American middleweight—Robert Fitzsimmons.
American welterweight—Tommy Ryan (Joseph Youngs).
American lightweight—Jack McAuliffe.

Corbett will Fight.

CHICAGO, Feb. 16.—James J. Corbett to-night at the Haymarket theatre announced from the stage at the end of the first act that if the Maher-Fitzsimmons fight takes place he will return to the ring and wrest the championship from the winner. The announcement was greeted with applause.

The first "stag" smoker of the Carroll Club took place at the handsome club rooms on Chapline street Saturday evening between the hours of 7 and 11, and is pronounced a great success. Gladness Comes

With a better understanding of the transient nature of the many physical ills which befall before proper efforts—gentle efforts—pleasant efforts—directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

THAT 45-DEGREE LINE

In Jefferson County Not Yet Condemned New Operations.

STUBENVILLE, O., Feb. 16.—A gentleman from Wells township, this county, says that the forty-five degree oil line has not proved a failure in that section of the county, as there has never been a well drilled on the line. Wells were drilled on both sides, southeast and northwest, leaving a space in that section on the line about two miles wide that has never been tested. The territory was divided between two companies, and neither party would develop the other's territory. The leases on the territory in that section are about all out. The Sutherland, Cope, Cole and Galbraith wells were all northwest of the line, and the Puntney well southeast of the line. There is a chance yet for some one to develop the forty-five degree line.

A company of Pittsburgh oil operators have leased 1,000 acres of land near Knoxville, and they propose to give the territory a fair test and they will drill three test wells, whether they strike oil or not in the first one. The first is to be located on the Alexander farm, 1,500 feet away from the Edmiston well, but the locations of the other two have not been determined on.

William McCullough has removed the boiler and engine from the Edmiston well to his own farm, on Yellow creek, where he will drill a well immediately. He has a large block of land leased in that section. One Toronto party has a block of 600 acres leased in the same neighborhood, which he will test this spring.

J. J. Crawford is drilling a well on the Hindman farm, between Holliday's Cove and King's creek.

The fourth oil well at Bergholz has been drilled in and is a light producer. It has been shot, but what it will produce will not be known until it is cleaned out.

C. F. Hosford, of Sistersville, has leased 300 acres of land near Port Homer. There are six leases, and under the terms a well has to be completed on each lease within a year.

BENWOOD REPUBLICANS.

Result of Their Suggestion Meetings Saturday Night.

A very good attendance was present Saturday evening at the suggestion meeting held at Benwood by the Republican voters there. Hon. G. W. Atkinson was present and made a very strong address on the issues of this campaign. His talk was exceedingly well received.

"The Country Circus."

Probably one of the most notable attractions that will be presented at the Opera House during the present season is that happy blending of comedy, music, spectacular and acrobatic novelties, known as C. B. Jefferson, Klaw & Erlanger's "Country Circus," which will hold the city to-morrow night.

Understanding the fact that this unique entertainment is now well into its fifth season, it still retains all the novelty of a premier production, being practically a new show this season.

The play has been revised and brought up-to-date, and several taking specialties introduced. The first two acts have been condensed into one, thus making but three acts in the piece, each distinct in character, play, parade and circus.

Transfers Recorded.

Clerk Hook on Saturday admitted to record transfers of real estate as follows:

MARTIN'S FERRY.

Haps and Mishaps in the Thriving City Across the River.

Considerable was said at the council meeting on Saturday night concerning the overcharges by the marshal and police. Mr. Kerr said that the total would probably reach \$700 or \$800, and Mr. Hilton made a motion that they be required to refund to the city the overcharges amounting to \$174.26, as found by the revision committee. The greater portion of the overcharge was the costs on worthless arrests made where the parties had been discharged without any fine or cost. The cost for each arrest was formerly \$1.50 whether any fine or cost was collected, the city paying the officers the cost, but this was stopped after the revision committee made its report the later part of last year and the police now get no costs for their arrests if none are collected from the parties arrested. Martin's Ferry had been doing this for years and Mayor Westwood wishes the Intelligencer to state that this was the fault of council and not his, that the councilmen knew they were doing wrong in paying the officers for the costs for such arrests, and that he would always O. K. these bills the same as other bills presented and it was not his place to question their accuracy or the integrity of the parties presenting them.

The entertainment given at the Opera House on Saturday night by the Ladies' Auxiliary Society of the Young Men's Christian Association, was well attended.

The city council will request the Bellaire, Bridgeport & Martin's Ferry Electrical Railway Company to run its cars to the upper end of the line.
